

Four Seasons Astir Palace Athens

Greece

ID: Meyer Davis
Period: 2018-2019
Client: Astir Palace Vouliagmeni

On the Athens Riviera, just 30 minutes away from the historic city centre, the Four Seasons Astir Palace Hotel is a laidback escape immersed in the pine-clad peninsula of Lemòs. Established in 1960, the hotel has recently undergone a restyling under the creative direction of the Meyer Davis design studio.

For this idyllic seaside escape, the first ever Four Seasons in Greece, Interna was called to supply indoor and outdoor loose furniture both for the Arion and the Nafsika, the two hotels which are part of the resort. All the items have been produced with the utmost attention to every single detail and the highest standards of quality.
