

Armani Hotel Milan

Italy

Interior designer: Giorgio Armani
Period: 2011
Client: Emaar Properties

In December 2011 Interna successfully concluded the fitting out of the Armani Hotel in Milan, the second project of the Armani Hotels, Armani Resorts and Armani Residences hotel chain. This project was implemented in the immediate wake of the opening of the Armani Hotel in Dubai, a project that was also awarded to Interna in 2009.

The supply included case goods, sittings, beds and curtains, all unique items designed by Giorgio Armani for the 81 rooms, the 14 suites, the public areas and the conference rooms.

The whole conference area with the various meeting rooms has been completely fitted out by Interna following the unique and detailed specifics of Giorgio Armani
