Radisson Blu
Waterfront Hotel
Stockholm
Sweden

Interior designer: RPW Design
Period: 2011

This very contemporary hotel allows instant access to the best of the city, from restaurants and nightlife to the Old Town and the Royal Palace and is considered an urban oasis, ideal for business and leisure travellers. Interna furnished, in less than three months, more than 400 rooms, the suites and the public areas of the hotel. The contemporary and elegant pieces of furniture are, for the most part, custom made. Some items were selected from Interna's hospitality collections, made unique by the choice of exclusive fabrics and materials.
