**Grand Hotel
Bordeaux & SPA
Bordeaux**
France

Interior designer: Décoration Jacques Garcia
Period: 2011
Client: Snc Le Havre

The project, wholly implemented by Interna following the design of the French interior decorator Jacques Garcia, covered the last two floors of the historic hotel, itself in part previously furnished by Interna. In detail, Interna implemented a huge area including a welcome area-reception, a 120 sq.m. pool, a SPA area with sauna, massage rooms and a number of relaxation areas, a two level coiffeur salon, a terrace with bar, lounge club and whirlpool bath. The Regent Grand Hotel Bordeaux is the epitome of the splendour and charm of Bordeaux. Central, proudly discreet, but an exhibitionist at heart, display window of good taste, gastronomy, tradition, style, ambition and magnificence the historic hotel is the embodiment of the Aquitaine luxury.
